Thousands Of Units On The Road
Truck Body, Trailer, Transport Equipment

Marathon Service and Repair

Marathon Truck Body operates one of the largest truck fleet repair centers in the western United States. We repair and service all manufacturers' truck equipment and trailers. Marathon offers a number of services that are carried out by our certified, expert service and repair technicians who have years of experience. All estimates are completed using state of the art software provided by CCC1. Our goal is to repair your trucks in the most efficient manner to get you back on the road quickly and safely. In our repair process we only use materials that meet or exceed the commercial transportation industry's standards. Marathon's repair facilities utilize the same technology employed in the fabrication of new bodies and trailers. Units scheduled for repair can be picked up and delivered by Marathon drivers within a 150 mile radius of Los Angeles.
